

*Good news. Great works. Community spirit.*

## Boca Raton philanthropists donate \$50,000 to Jewish Federation of Broward

Ted and Deborah Bernstein

**T**ed and Deborah Bernstein of Life Insurance Concepts and members of The Jewish Federation of Broward County, recently pledged \$50,000 to the Broward County chapter of the Jewish Federation for the Israel 60 Campaign.

"I lived in Israel when I was a young adult and subsequently our children attended the Donna Klein Jewish Academy. Israel has been and continues to be close to our hearts. The Federation's commitment to Israel's 60th birthday is extremely important to us. Our friend and business associate, Michael Masarek, brought this opportunity to our attention and my wife and I were thrilled to jump on board. We are proud to contribute to such an important cause," said Ted Bernstein.

The Jewish Federation of Broward County raises funds to support the crucial work of 30 social and humanitarian agencies that help Jews in need in the community, in Israel, and around the world. Leading up to the celebration on May 4th, the Federation along with the Ber-

stein's friend and family, and organizational partners will be hosting events and celebrations for the community in honor of Israel. By doing so, the Bernsteins hope to influence others in contributing to the Jewish Federation's goal in supporting their community for years to come.

Ted Bernstein is president of Life Insurance Concepts, which is based in Boca Raton. The principals of the company pride themselves in their more than 100 years of combined experience in the life insurance industry.

The Ted and Deborah Bernstein Family Foundation was created this year to provide funding to families in distress that have identified the need for counseling and therapy. Committed to the fact that therapeutic intervention at the very first sign of problems within the family will minimize future and more serious issues.

The foundation's mission is to help fund organizations and programs that provide free counseling for children and families. ■
